

KOIGU SHOULDER COZY

The wonderful tight spin on the Koigu KPPPM gives the yarn such great memory—a perfect cling shawlette. Using just two skeins of Koigu, you'll be tempted to make a dozen in different colors! A great beginner's project.

MATERIALS

2 skeins Koigu KPPPM
One size 8 circular needle

CO 5 sts. Knit one row. Next row and each row thereafter, slip first stitch, YO, knit to end of row. You may choose to continue shoulder cozy in complete garter stitch until almost all yarn is used. BO all stitches loosely. For a variation as in the sample pictured above and below, add a two rows of *YO, K2TOG* after every 12th row (6 garter ridges).
Block to finish, making front ties as long as possible.
